M.O.P. v3.2 for Mambo/Joomla? 4.5.1

Members Online Pro runs under Mambo 4.5.1+ and Joomla 1.0+ Content Management Systems. MOP can be used to display Mambo member groups, online totals, newest members, members today... and more. MOP is a substitute for Online Users and Who's Online? modules.

Version : 3.2

Download M.O.P. This version is for Mambo 4.5.1 - Mambo 4.5.2.3 Stable [ Titan Reassigned ] 15-June-2005. NOTE: MOP hasn't been updated in a long time and you would be better off waiting for an update (can't say I didn't warn you!).

## Features List

- Show or hide member groups
- Show or hide online count and/or member count
- Show or hide stats and/or current users online
- Show or hide header table (MOP can be reduced to only show guest count, very compact)
- Show real or user names (use with caution)
- Set the title trim length. This helps to keep it tight and compact
- Control the amount of users that display when online
- Control border color and text color
- ...And more...

## New Features

- Editable headers and titles
- The choice of using an image or a character for member representation
- ...Added a New This Year display in stats
- ...Added output format compatibility for Mozilla Browsers
- ...Added a hit counter
- ...Added mammeter compatibility for Mambo 4.5.1 mammeter system
